

QUESTIONS TO – THE LEADER OF THE COUNCIL

Q No.	From Cllr	Question
8.	Dabrowska	<p>When is The Oaks including Waitrose in Acton Town Centre opening?</p> <p>The Oaks development will incorporate a shopping centre including the creation of a new supermarket unit for Waitrose with 178 new homes above.</p> <p>Planning permission was granted, following which there was a judicial review of the decision which has delayed the implementation. This judicial review upheld the planning permission.</p> <p>The developers are now finalising the construction contracts and discharging the detailed planning conditions. Following this work will commence on site (programmed April 2016). Waitrose and the shops will take two years to construct and the whole development will take three years to complete.</p>
9.	Sumner	<p>Will be Council be taking part in the Clean for the Queen campaign?</p> <p>Clean for the Queen</p> <p>Ealing has committed to participate in this campaign to commemorate the Queen's birthday. Plans are being developed between parks, streets services and neighbourhood governance. Current activities planned on include</p> <ul style="list-style-type: none"> • River Brent / Brent Catchment Partnership, Pitshanger Park, 5 March led by Thames 21 and Ealing Council Park Rangers. This is listed on the Clean for the Queen website http://www.thames21.org.uk/event/clean-for-the-queen-pitshanger-park-ealing/ • McDonalds – site to be confirmed but within 10 minute walk of Ealing Broadway branch. Friday 4 March at 1pm • Northfields clear up with Amey • Ealing Common Society

Q No.	From Cllr	Question
		<ul style="list-style-type: none"> • Southall Park Orchard project 5th March
10.	Dabrowska	<p>Who attended the MIPIM conference in the south of France in the last five years (both officers and councillors)?</p> <p>From 2008 – 2016</p> <p>The council's representatives who have attended include:</p> <p>The Portfolio Holder for Regeneration Executive Director of Regeneration & Housing Director of Regeneration Director of Built Environment</p> <p>Variations:</p> <p>2015 – Development Planning Manager replaced the Portfolio Holder (owing to availability) at the last minute</p>
11.	Dabrowska	<p>How much did the annual trip to the MIPIM conference cost the council in the last five years for both officers and councillors (including travel, hotel, sustenance, flexi time, etc. costs)</p> <p>Since 2009 has there been no cost borne by the Local Authority for MIPIM attendance.</p>

Q No.	From Cllr	Question
12.	Dabrowska	<p>How much of this trip (MIPIM) by officers and councillors was funded (per year) by an exhibitor of the conference, or another third party?</p> <p>All of the cost is covered by sponsorship from land owners and developers with an interest in promoting Ealing.</p>

QUESTIONS TO – CABINET MEMBER FOR COMMUNITY SERVICES & SAFETY

Q No.	From Cllr	Question
13.	Kumar	<p>The 15th December Cabinet Report - Hanwell Community Centre Funding Options - noted that:</p> <p><i>“Hanwell Community Centre is key to Ealing's centre strategy and will remain as a community centre.”</i></p> <p>How does the administration reconcile that with the fact they are proposing <i>“that a scheme of enabling development is worked up in partnership with Broadway Living”</i> for the site?</p> <p>As discussed at length during the Overview and Scrutiny review of this project in January 2016; the council is fully committed to the long term sustainable future of Hanwell Community Centre. The council have been working over the past year to look at a range of funding options to maximise the benefits to the local community as part of a fully refurbished Hanwell Community Centre. The council, is carrying out a feasibility study, as part of the overall funding strategy, to see if an enabling development scheme is viable within the site boundary of Hanwell Community Centre. The outcome of this feasibility study will be reported back to cabinet, so that an informed decision can be made on the final funding strategy, to ensure Hanwell Community centre remains a key facility for future generations as part of ‘Ealing’s centre strategy.’</p>
14.	Kumar	<p>What consideration if any have been given to using community centres that are heading for closure as possible venture to provide services for the users of Heller House and others?</p> <p>The council are looking to create a sustainable community centre model that is subsidy free from 2017/18. The objective is not about the closure of community centres. The current consultation with Associations is exploring how we can achieve this sustainable working, working together. The council are offering significant support to the associations and we have made available £750k to help association meet the challenge of a zero based subsidy operating model. Where an association may not be able to continue operating on a site, the council will look to work with other community organisations to maintain the service, such as at Greenford Community Centre.</p>

Q No.	From Cllr	Question
		<p>The service at Heller House is the provision of overnight respite care to disabled children and this must take place in an Ofsted registered children's home.</p> <p>None of Ealing's community centres would meet Ofsted's registration standards for this provision of overnight care for disabled children.</p> <p>Access to community resources forms a key part of children & young people's individual care plans and the council's aim is to promote young people with disabilities to access community activities alongside their non-disabled peers for example at Westside Youth Centre.</p>
15.	Kumar	<p>How many people are engaged in community service (also known as community payback) in Ealing in any one year and how many hours of work does this amount to in total?</p> <p>Community Payback, requires offenders to do unpaid work for the community, giving courts a sentencing option which is robust, cost-effective and constructive</p> <p>The aim of the schemes in Ealing have been predominantly to enhance the local environment and increasing confidence among the local community of the borough's commitment to tackling criminality and anti-social behaviour.</p> <p>To be considered, any project must meet the following criteria:</p> <ul style="list-style-type: none"> • It must benefit the local community • It must not take paid work away from others • No one must make a profit from the work • It must be challenging and demanding • It must be worthwhile and constructive • Offenders must be seen to be putting something back into the community <p>Any tools required for any projects must be sourced by the applicant</p>

Q No.	From Cllr	Question
		<p>. Toilet facilities must be sourced by the applicant</p> <p>. Serco will provide offenders with PPE</p> <p>. Teams of offenders can be up to eight with one Probation Service supervisor per eight offenders (however if the job dictates this can be altered up or down)</p> <p>Since April 2015 a total of nineteen (19) Community Payback schemes have been completed in Ealing. Each scheme incorporates an average of eight (8) offenders.</p> <p>These schemes have been proposed by the safer communities team, local policing teams, church groups, residents and social housing providers.</p> <p>The majority of the schemes have included an extensive clearance of vegetation and fly-tipping, pruning of trees and removal of obstructions from non-council owned land.</p>
16.	Kumar	<p>Please provide an update on the enforcement action taken against Hanson Concrete in Horn Lane, Acton and progress on satisfying the planning conditions relating to the retrospective planning application for their facility?</p> <p>Councillors may have noted the recent successful outcome of Ealing council's sustained action in regards to breaches of air quality standards by Hansons Concrete at Horn Lane. Hansons pleaded guilty to five offences, including breaking the conditions of their environmental permit in relation to dust emission, spillages, storage of waste and inadequate maintenance; the company was also in breach of an enforcement notice of April 2015 requiring them to clean the wheels of lorries. Hansons were fined £110,600 for these offences, as well as being required to meet the council's legal costs of £9,286 and pay a victim surcharge of £120.</p> <p>A planning enforcement investigation commenced on 18 May 2015 following receipt of a complaint alleging that noise levels on site were in breach of condition 3 of planning permission reference P/2013/3475. Condition 3 of the abovementioned permission required that <i>within one month of the date of the decision details of the additional noise mitigation measures recommended in the Planning Noise Assessment Issue 2 document, prepared by URS</i></p>

Q No.	From Cllr	Question
		<p><i>Infrastructure and Environment UK Ltd (dated August 2013) submitted with the application and comprising the improvement of sound insulation of the hopper enclosure; the installation of side shielding to the conveyor belt; and the installation of a partial barrier to the rear elevation of the despatch house, shall be submitted to the Local Planning Authority for approval. Once approved, the mitigation measures identified shall be provided within three months of the date of such approval and shall thereafter be permanently retained for the life of the development.</i></p> <p>An initial site inspection conducted on the 20 May 2015 confirmed that a partial metal barrier had been installed to the rear of the dispatch house as required by the above condition. During the visit, Hanson Concrete's District Operations Manager was advised that the details of the conveyor belt shielding and barrier must be submitted to the LPA in order to discharge condition 3 attached to the grant of permission for the retention of the replacement concrete batching house.</p> <p>An application regarding the details of the noise and mitigation measures pursuant to the above condition has been submitted and is pending determination.</p> <p>A subsequent site inspection accompanied by the Council's acoustic consultant took place on the 29 July 2015. During the inspection it was observed that a plastic curtain had been added to the partial barrier at the rear of the dispatch house. It was agreed on site that the curtain would be amended to be double layered and run the full width of the DH. During the visit a number of unloading's to the Hopper Enclosure were witnessed and no notable noise concerns appeared evident.</p> <p>A timber framed barrier has been installed to the side of the conveyor belt as required and the noise emitted from the belt was determined to have been reduced since the initial visit as a result. The dominant tonal noise experienced by the closest residential properties along Lowfield Road related to the Motor from the enclosure at the top of the conveyor belt. Hanon Concrete's District Operations Manager confirmed that this additional noise was emanating from the silencer that was fitted as a means of reducing the noise from the conveyor belt when in operation. This was agreed by the Council's Acoustic Consultant with future testing recommended to determine if the noise levels from the motor exceed 50dBLA90.</p> <p>The volume of the tannoy system has also been reduced and was operated once during the visit with no noticeable disturbance detected.</p> <p>From a planning enforcement perspective the noise mitigation measures, subject to future noise level testings, appear</p>

Q No.	From Cllr	Question
		<p>to comply with the recommendations of the Planning Noise Assessment Report prepared by URS Infrastructure and Environment UK submitted as part of planning application reference P/2013/3475. Additionally, a subsequent planning application (ref: PP/2015/4114) to discharge condition 4 (<i>Details shall be submitted for the approval of the Local Planning Authority to demonstrate that the rating noise level emitted from the external plant and machinery at the site, as assessed under BS4142:1997, shall not exceed the measured background noise level of 50 dB LA90,5min as measured at 3.5 metres from the nearest ground floor noise sensitive facade and 1 metre from the nearest upper floor noise sensitive facades, during the relevant period of operation</i>) has been submitted to the Council for consideration and is currently pending determination.</p> <p>Planning enforcement has received no further complaints regarding the previously reported noise issues. Any further involvement or action that may be taken in the future will be held in abeyance pending the determination of the planning applications.</p>

QUESTIONS TO – CABINET MEMBER FINANCE AND PERFORMANCE

Q No.	From Cllr	Question																																				
17.	Mullins	<p>Can you please supply a breakdown of the cash spend on agency workers by department so far this financial year.</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <tbody> <tr> <td style="background-color: #d9e1f2;">Directorate: Chief Executive</td> <td style="background-color: #d9e1f2;">Spend to date April 15 to January 16 inclusive</td> </tr> <tr> <td style="background-color: #ffff00;">Chief Executive</td> <td></td> </tr> <tr> <td>West London Alliance (Please note cost spread amongst WLA member boroughs)</td> <td style="text-align: right;">£89,819</td> </tr> <tr> <td>Strategy & Engagement</td> <td style="text-align: right;">£157,689</td> </tr> <tr> <td style="background-color: #d3d3d3;">Total</td> <td style="background-color: #d3d3d3;">£247,508</td> </tr> <tr> <td style="background-color: #d9e1f2;">Directorate: Children & Adults</td> <td style="background-color: #d9e1f2;">Spend to date April 15 to January 16 inclusive</td> </tr> <tr> <td style="background-color: #ffff00;">Children & Adults</td> <td></td> </tr> <tr> <td>Adults</td> <td style="text-align: right;">£2,476,035</td> </tr> <tr> <td>Children and Adults</td> <td style="text-align: right;">£42,893</td> </tr> <tr> <td>Children and Families</td> <td style="text-align: right;">£1,857,469</td> </tr> <tr> <td>Children’s Services</td> <td style="text-align: right;">£5,327,520</td> </tr> <tr> <td>Early Years Child Care And Safe</td> <td style="text-align: right;">£152,804</td> </tr> <tr> <td>School Effectiveness</td> <td style="text-align: right;">£24,971</td> </tr> <tr> <td>School Services</td> <td style="text-align: right;">£135,926</td> </tr> <tr> <td>SEND Reforms</td> <td style="text-align: right;">£14,340</td> </tr> <tr> <td>Social Services</td> <td style="text-align: right;">£24,003</td> </tr> <tr> <td style="background-color: #d3d3d3;">Total</td> <td style="background-color: #d3d3d3;">£10,055,961</td> </tr> <tr> <td style="background-color: #d9e1f2;">Directorate: Corporate Resources</td> <td style="background-color: #d9e1f2;">Spend to date April 15 to January 16 inclusive</td> </tr> </tbody> </table>	Directorate: Chief Executive	Spend to date April 15 to January 16 inclusive	Chief Executive		West London Alliance (Please note cost spread amongst WLA member boroughs)	£89,819	Strategy & Engagement	£157,689	Total	£247,508	Directorate: Children & Adults	Spend to date April 15 to January 16 inclusive	Children & Adults		Adults	£2,476,035	Children and Adults	£42,893	Children and Families	£1,857,469	Children’s Services	£5,327,520	Early Years Child Care And Safe	£152,804	School Effectiveness	£24,971	School Services	£135,926	SEND Reforms	£14,340	Social Services	£24,003	Total	£10,055,961	Directorate: Corporate Resources	Spend to date April 15 to January 16 inclusive

18.	Mullins	<p>What is the current cumulative spending on external consultants by the council this financial year?</p> <p>The current spend for this financial year on external consultants through the Agresso system is £888,839.</p>												
19.	Mullins	<p>How much money was spent by the Adult Social Services Department on consultancy and agency fees in the last year?</p> <p>Adult Services spent £2,826,904 through Comensura from February 2015 to January 2016 inclusive. Adults spent £91,000 on consultancy from February 2015 to January 2016 inclusive.</p>												
20.	Kumar	<p>In regards to the Discretionary Discount Scheme for Business accredited to Living Wage Foundation, is there a plan in place if 100 businesses do not Register by April 16?</p> <p>The scheme as approved by Cabinet runs for one year and will be reviewed to see whether there is the potential to extend it for further years. We will monitor progress throughout the year and will consider promoting the scheme further if necessary. We have been working closely with the Living Wage Foundation, who seem really pleased with our scheme and promotions carried out so far.</p>												

Q No.	From Cllr	Question																																				
21.	Dabrowska	<p>The demolition of front gardens due to the wheelie bin introduction will diminish the saturation of rainfall and may increase the flood risk of Ealing homes. How will Ealing Council compensate for the possibility of increased home insurance premiums as a result of this increase in flood risk in the future?</p> <p>There is no evidence to suggest that the introduction of wheelie bins will either result in an increased flood risk or result in significant alterations to residents' front gardens. Wheelie bins have been in use across most of the country and in London for many years without any associated impact on flooding. There is no evidence to suggest that the experience in Ealing would be different.</p>																																				
22.	Dabrowska	<p>Please provide the overtime expenditure per directorate, as well as a % of that directorate's spending, per year over the last five years.</p> <table border="1" data-bbox="734 831 1720 1123"> <thead> <tr> <th>Directorate</th> <th>15/16 Overtime</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Chief Executive Office Total</td> <td>£78</td> <td>0.003</td> </tr> <tr> <td>Children and Adults Total</td> <td>£332,747</td> <td>0.066</td> </tr> <tr> <td>Corporate Resources Total</td> <td>£324,850</td> <td>0.721</td> </tr> <tr> <td>Environment and Customer Services Total</td> <td>£79,864</td> <td>0.136</td> </tr> <tr> <td>Regeneration and Housing Total</td> <td>£109,174</td> <td>0.199</td> </tr> <tr> <td>Grand Total</td> <td>£846,713</td> <td>0.139</td> </tr> </tbody> </table> <table border="1" data-bbox="734 1166 1720 1367"> <thead> <tr> <th>Directorate</th> <th>14/15 Overtime</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>Children and Adults Total</td> <td>£427,620</td> <td>0.09</td> </tr> <tr> <td>Corporate Resources Total</td> <td>£347,635</td> <td>0.77</td> </tr> <tr> <td>Environment and Customer Services Total</td> <td>£67,866</td> <td>0.03</td> </tr> <tr> <td>Regeneration and Housing Total</td> <td>£150,351</td> <td>0.27</td> </tr> </tbody> </table>	Directorate	15/16 Overtime	Percentage	Chief Executive Office Total	£78	0.003	Children and Adults Total	£332,747	0.066	Corporate Resources Total	£324,850	0.721	Environment and Customer Services Total	£79,864	0.136	Regeneration and Housing Total	£109,174	0.199	Grand Total	£846,713	0.139	Directorate	14/15 Overtime	Percentage	Children and Adults Total	£427,620	0.09	Corporate Resources Total	£347,635	0.77	Environment and Customer Services Total	£67,866	0.03	Regeneration and Housing Total	£150,351	0.27

Q No.	From Cllr	Question
23.	Dabrowska	<p>How many former LBE employees (redundancy or otherwise) have been re-employed either as consultants, contractors, or through a third party company in the last five years?</p> <p>Records show that two employees were made redundant from lower graded posts in 2012 and were successful applicants in being appointed to lower graded roles in 2015, one role being an as and when required or casual role.</p> <p>The council has a policy not to re-employ or use via an agency, anyone who has been made redundant for a period of six months. The council is not aware of anyone who having been made redundant has been providing services via consultants or contractors through a third party in the past five years.</p>
24.	Dabrowska	<p>What is the amount that Holiday Inn has paid to buy parking spaces in a public car park in West Ealing off Leeland Terrace?</p> <p>£10,000</p> <p>The 20 spaces in this 46 space car park have not been sold but are leased for 2 years.</p> <p>The period they are reserved for is between 4pm and 8am Mon-Sun.</p> <p>The normal opening hours for the car park is 8am to 6pm Mon-Sun, outside of these times the bays can be used by all customers who pay and display. The spaces in question are therefore only unavailable for public use for two hours each day, between 4pm and 6pm.</p>
25.	Dabrowska	<p>Why were the lights at Perceval House switched on when the Council is said to be closed during the Christmas and New year (except for emergency services)?</p> <p>Perceval House has an automatic lighting controls in most parts of the building, allowing lights to switch off automatically outside core working hours when sensors do not “see” the movement of staff in that area. This is</p>

Q No.	From Cllr	Question
		<p>currently set from 7pm to 7am Monday to Sunday.</p> <p>However, during the Christmas and New Year the lighting override system was used at Perceval House. This facility limits lighting to corridors only and prevents lightning being activated by movement or security patrols.</p> <p>Prior to the Christmas and New Year break, the Facilities Management team worked with officers from out of hours teams and emergency services. This allowed the council to put a process in place where sensors could be specifically activated by claw when required.</p>
26.	Dabrowska	<p>How much does it cost the Council to produce a complete set of planning committee report papers (take an example, Wednesday 24th February 2016 committee meeting)?</p> <p>The cost of printing each agenda for that particular meeting was £8.79p</p> <p>Members are welcome to decide to eschew paper and just use the online version. The Planning agenda for the 16th March meeting will be produced in a much more web friendly format.</p>
27.	Dabrowska	<p>Why does the Council send these [planning] reports to councillors not scheduled to sit on a particular planning committee meeting? Only 13 out of 28 planning committee councillors sit at any one particular committee meeting. Why, after repeatedly asking the Planning Department for over a year to save money on not producing these unnecessary additional copies (copies are available online) the department still continues to print them and courier them to non-rostered councillors, whilst cutting costs such as householder planning application notifications?</p> <p>The Council sends the agendas for each meeting to all members of the Planning Pool as this is what members have requested. It is also helpful for members who have to substitute at a meeting after agenda despatch.</p> <p>A change to this practice would need to be discussed with the Whips in the first instance.</p>

QUESTIONS TO – CABINET MEMBER FOR TRANSPORT & ENVIRONMENT

Q No.	From Cllr	Question
28.	Dabrowska	<p>How many wheelie bins have been ordered?</p> <p>168,000</p>
29.	Dabrowska	<p>What is the carbon footprint as a direct result of the manufacture, delivery and distribution of new wheelie bins to be introduced later this spring? As well as the collection and destruction of the current recycling receptacles?</p> <p>The quality proposals as part of the successful tender for wheelie bin provision, included detail of the CO2 reduction measures in bin manufacture and the recycled content in bins. The contractors CO2 statement in connection with the product can be found at</p> <p>http://media.ssi-schaefer.de/fileadmin/ssi/images/navigationsbaum/ssi_schaefer/umwelt/SSI_GreenLogistics_BlueCompetence_Flyer_EN_Web.pdf</p> <p>Any short term negative carbon impact of the introduction phase of the new service will be more than offset by the significant reduction in weekly collection vehicle movements and reduction in replacement container manufacture and deliveries, which over time will result in further CO2 reduction connection. Wheelie bins have a lifespan of up to 30 years. This is compared with the significant number of existing recycling boxes and bags, which on average may last about 5 years. Refuse sacks of course, simply increase non-biodegradable waste in landfill.</p>

Q No.	From Cllr	Question
30.	Dabrowska	<p>How much will the impact of demolishing our front gardens, full of flora and fauna, contribute to the decrease in the, already poor, air quality in the Borough?</p> <p>There is no evidence to suggest that the introduction of wheelie bins will have a detrimental impact on air quality. Indeed, as set out in the response to question 29, there are a number of environmental benefits associated with the new collection scheme, including, fewer collection trucks on the borough's roads which will make a positive contribution to improving air quality.</p>
31.	Dabrowska	<p>How will the Council address the legal situation when the assumed location of placing wheelie bins at some addresses will contravene private ownership and right of way?</p> <p>Example, a house is split in two flats. The ground floor flat has rights to the front garden. The first floor doesn't share this right. By placing wheelie bins in the front garden will mean that the first floor flat will, over time, establish a right of way to this front garden through usage. Will the Council pay for the legal costs of homeowners who find themselves in this situation?</p> <p>Officers will work with residents who need help to find suitable solutions for their wheelie bin storage. Residents living in conversion properties who are considering sharing storage space will need to find a solution that is agreeable to all relevant parties. Where that is not possible other arrangements will need to be discussed with the service.</p>

QUESTIONS TO – CABINET MEMBER HOUSING, SKILLS & EMPLOYMENT

Q No.	From Cllr	Question																																														
32.	Dabrowska	<p>Please provide the (annual) number of units approved since 2010 split in various categories such as social, housing association, intermediate market rent, discounted market rent, affordable and any another category the housing/planning department uses to define affordable housing, (as well as a % of the total number of units approved).</p> <p>I would like this data also split across the size of unit such as 1b 1p, 3b 5p, etc. per each category.</p> <p>FY 2012/2013</p> <table border="1" style="width: 100%; border-collapse: collapse; margin: 10px 0;"> <thead> <tr style="background-color: #d9d9d9;"> <th></th> <th>1 Bed</th> <th>2 Bed</th> <th>3 Bed</th> <th>4 Bed</th> <th>5 Bed</th> <th>6 Bed</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Market Sale</td> <td style="text-align: center;">288</td> <td style="text-align: center;">347</td> <td style="text-align: center;">94</td> <td style="text-align: center;">32</td> <td style="text-align: center;">1</td> <td style="text-align: center;">2</td> <td style="text-align: center;">764</td> </tr> <tr> <td>Intermediate</td> <td style="text-align: center;">21</td> <td style="text-align: center;">36</td> <td style="text-align: center;">4</td> <td style="text-align: center;">2</td> <td style="text-align: center;">0</td> <td style="text-align: center;">0</td> <td style="text-align: center;">63</td> </tr> <tr> <td>Social Rented</td> <td style="text-align: center;">45</td> <td style="text-align: center;">98</td> <td style="text-align: center;">43</td> <td style="text-align: center;">22</td> <td style="text-align: center;">5</td> <td style="text-align: center;">0</td> <td style="text-align: center;">213</td> </tr> <tr> <td>Affordable Rent</td> <td style="text-align: center;">5</td> <td style="text-align: center;">16</td> <td style="text-align: center;">4</td> <td style="text-align: center;">5</td> <td style="text-align: center;">0</td> <td style="text-align: center;">0</td> <td style="text-align: center;">30</td> </tr> </tbody> </table> <table border="1" style="width: 100%; border-collapse: collapse; margin: 10px 0;"> <thead> <tr style="background-color: #d9d9d9;"> <th>Market Units</th> <th>Affordable Units</th> <th>Affordable %</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">764</td> <td style="text-align: center;">306</td> <td style="text-align: center;">40%</td> </tr> </tbody> </table>		1 Bed	2 Bed	3 Bed	4 Bed	5 Bed	6 Bed	Total	Market Sale	288	347	94	32	1	2	764	Intermediate	21	36	4	2	0	0	63	Social Rented	45	98	43	22	5	0	213	Affordable Rent	5	16	4	5	0	0	30	Market Units	Affordable Units	Affordable %	764	306	40%

QUESTIONS TO – CABINET MEMBER FOR CHILDREN AND YOUNG PEOPLE

Q No.	From Cllr	Question
33.	Millican	<p>Would the Cabinet Member please detail the funding arrangements for the Youth Service for this financial year and the next?</p> <p>Can you please also outline what the identifying efficiencies of £50k for 16/17 and £100k for 17/18 entails.</p> <p>The Youth Service has a budget of £1,108,000 for 2016/17.</p> <p>In order to achieve the additional reduction of £50k in 2016/2017 plus reductions from the ending of the Troubled Families contribution and the Innovation Fund reductions that were previously available in 2015/16 but will cease in 2016/17 the service has had to make some reductions.</p> <p>Its strategy is to prioritise those Youth Services that work with the most vulnerable young people, such as those who are NEET, Homeless, Looked After Children or Care Leavers and those involved or at risk of involvement in Gangs and Child Sexual Exploitation. As a result it has had to scale back in 2016/17 those areas that are more universal such as the Participation work and the Duke of Edinburgh Award Scheme. It has also had to increase efficiency through re structuring across the service and reducing capacity. In addition the service continues to look for alternative funding such as through the HRA Account and external funding such as from local Charities and from Schools to offset some of this impact and is having some success in doing this. However as a result the Participation work and Duke of Edinburgh staffing has been reduced.</p> <p>In addition a management re structure of the Youth service has taken place and 3 management roles have been reduced to 2 posts from April 2016 to achieve efficiency savings targets.</p> <p>Further work is ongoing to identify efficiencies for 2017/18 and decisions have not yet been made. These will also be linked to the amount of external funding the service is able to achieve.</p>

Q No.	From Cllr	Question
34.	Millican	<p>With Ealing Fields School set to open in September 2016, what plans are in place to try to attract more free schools to the borough to help with meeting rising demand for school places?</p> <p>The council has been very active in securing sufficient school places. In addition to Ealing Fields the Authority supported the successful Free School applications for ARK Acton a 6 FE high school and North Twyford CE High School a 6.5 FE high school. We are currently working with the EFA to secure sites for these two schools through the DPD process. The projections point to a need further additional places by 2018 and then 2019 at the latest</p> <p>All new schools will be either academies or free schools.</p> <p>With the expansion of Elthorne and Brentside in 2016 along with Ealing Fields; Greenford high planned for 2018 and the two new free schools we will have provided enough places to meet the projected demand in the Acton, Ealing and GNP areas.</p>
35.	Kumar	<p>Are there any LA Schools with known asbestos present? If yes, please can you state:</p> <ul style="list-style-type: none"> a) Where it has been identified, the extent and type? b) Whether it is known to staff, parents and students? c) How will it be dealt with i.e. will the procedure to control this encapsulation /encasement be undertaken openly or remain confidential from the staff, parents and students? <p>Any school building built before 2000 may contain asbestos-containing materials (ACMs). In accordance with the Control of Asbestos Regulation 2012 and DFE guidance Children’s Services commissioned a ‘management survey’ of ACMs in all Ealing maintained schools.</p> <p>The management surveys are designed to establish the location, type and condition of the ACM’s. A register of ACM’s is then produced for each school.</p> <ul style="list-style-type: none"> a) Each school now hold a copy of the management survey and asbestos register which is maintained by them on an annual basis as a ‘duty holder’.

Q No.	From Cllr	Question
		<p>b) Health & Safety Law requires the employer to consult with employees on matters that effect their health and safety, including asbestos management. Children’s Services has developed asbestos management plans for all maintained schools, which each school now hold and review on an annual basis. Under the Control of Asbestos Regulations, article 4.9 states that the duty holder must::</p> <p>“ensuring that information about the location and condition of any asbestos or any such substance is—</p> <ul style="list-style-type: none"> (i) provided to every person liable to disturb it, and (ii) made available to the emergency services.” <p>The risk associated with each identified occurrence of asbestos materials has been assessed and is used as the basis of the schools asbestos management plan. The plan also details arrangements to inform all staff and contractors about the location of ACMs.</p> <p>c) Works to either encapsulate or remove ACMs is undertaken by approved specialists in the field, conducted under controlled conditions and regulations, and all who may be affected are informed.</p>
