Reason for report

This report provides Audit Committee with an update in respect of the review by Corporate Board of strategic risks facing the council as at the end of Q2, 2017/18

1. Recommendations

- 1.1 It is recommended that Audit Committee considers the current Strategic Risk Register (Appendix A) to assure itself that it includes all appropriate strategic risks facing the council and that all necessary and appropriate actions are being taken to safeguard the council's business and reputation.

2. Reason for recommendation and options considered

- 2.1 This is a periodic report to update Audit Committee on the strategic risks facing the council; no decision is required.

3. Key implications

3.1 Roles and Responsibilities

3.1.1 The Accounts and Audit Regulations 2015 and Public Sector Internal Audit Standards 2017 require the council to maintain a robust, adequate and effective system of risk management in its delivery of core services. Operation of an effective and embedded risk management framework is an important element of such a system so that the council effectively discharges its corporate governance responsibilities.

3.1.2 Corporate Board is responsible for reviewing the Strategic Risk Register, ensuring that the management of risk continues to be within the council's risk appetite. Audit Committee is responsible for considering the effectiveness of the council's strategic risk management arrangements. The Strategic Risk Register was reviewed by Corporate Board on 28th June 2017 and will be subject to further review at the meeting on 22nd November 2017.

3.2 Strategic Risk Register (SRR)

3.2.1 The council's strategic risks documented in the SRR are determined by Corporate Board and comprise key inherent, transitory and emerging risks which either:

- significantly affect the council's ability to achieve the Borough's long-term strategic objectives and priorities which are set out in the Corporate Plan;
- are relevant and important to all or most of the council's services and functions;
- are external to the council but which have potential significant impacts on the Borough, or parts of the Borough, as a whole; or
- have potentially severe reputational consequences should they materialise.

3.2.2 In addition, the SRR will include any Directorate or Department risks that have a high residual risk rating (total risk score of 20 and above), but which are not already linked to, and part of, a strategic risk. There are no risks of this nature in the current SRR.

3.2.3 The current SRR contains 17 risks, the residual risk ratings of which are summarised below. There have been no changes to the ratings since the end of Q1:

Table 1: Strategic Risks Residual Ratings

Residual Rating	Strategic Risks as at end of Q2 2017/18	Strategic Risks as at end of Q1 2017/8
High	2	2
Medium	11	11
Low	3	3
Emerging	1	1
Total	17	17

3.2.4 Two of the strategic risks (on pages 1 to 3 of the SRR), whose risk scores are unchanged since the last quarter, continue to have a High residual risk rating:

- ISR0001: Reduction in central government grant and changes to Business Rates, including the 2017 revaluation, appeals changes and future retention plans, results in a significant reduction in the amount of Grant and Business Rate income

receivable that has not been planned for. The rating of this risk is the result of the uncertainty over the amount of Business rates that will become unrecoverable and whether this will be more than has been planned for. Regular monitoring of monthly business rates is being undertaken and appropriate action will be reviewed accordingly.

- ISR0008: Demographical and government policy changes are causing increasing and unavoidable service demands which can lead to severe budgetary pressures and significant overspends which consequently need to be addressed by corporate funding. The rating of this risk is the result of the uncertainty of whether the ongoing pressures on the provisions of services will result in further significant budget overspending in 2017/18. The regular monitoring of financial performance will enable Corporate Board to assess likely year end outcomes and determine if further actions are needed to address any particular pressure points. Actions in progress relating to this risk have been updated.

3.2.5 The residual risk scores and Medium risk ratings of 11 of the remaining 15 strategic risks, (on pages 4 to 18 of the Register) are also unchanged: In most cases, either:

- actions are being taken by services to develop or enhance the control measures that mitigate the risks. Once implemented, these will have the effect of lowering the impact and likelihood risk scores ; or
- the risks are being addressed as part of the Future Ealing programme.

3.2.6 In three instances, though the ongoing controls being exercised by the services do not mitigate the residual risk to a below Medium rating, no further cost effective enhancements to controls can be developed. In these circumstances, Corporate Board has previously agreed to tolerate the Medium level risk rating and will be reviewing this at the meeting on 22nd November 2017. The three risks are:

- ISR0004 (page 9), death, serious injury or abuse of a child or vulnerable adult in the care of Ealing Council;
- ISR0006 (page 10), persons within the Borough become radicalised and are attracted to recognised terrorist organisations and/or the Borough is affected by terrorist activities; and
- ISR0014 (page 18), a reduction in the supply and lack of availability of affordable housing in the Borough as a result of the implementation of the Welfare Reform Act 2012 and the Housing and Planning Act 2016.

3.2.7 Until the ICT enhanced disaster recovery arrangements are fully in place the risk scores and Medium risk rating of ISR0010 (Inability to provide critical council services in the event of a significant disruption) remain unchanged.

4. Financial

4.1 A number of risks on the SRR have the potential for significant financial impact and this is articulated within each individual risk description and managed through the control measures which are in place and monitored by the control owners.

5. Legal

- 5.1 The Accounts and Audit Regulations 2015 and the Public Sector Internal Audit Standards 2017 require the council to maintain a robust, adequate and effective system of risk management in the delivery of its core services.

An embedded risk management culture and effective risk management processes support good governance, the council's delivery on its duty of care and successful delivery of the council's objectives

6. Value for money

- 6.1 Good risk management is a key contributor to successful delivery of the council's objectives protecting its assets and resources to deliver value for money

7. Risk management

- 7.1 Good risk management enables the council to optimise its opportunities and minimise the potential for adverse service, financial, legal or reputational outcomes in delivery of its strategic priorities and objectives

8. Community safety

- 8.1 Effective management of risk seeks to protect the council's assets and resources and the local community from harm

9. Links to the 6 Priorities for the Borough

- 9.1 The effective identification, assessment and management of risk is an important foundation to the successful achievement of strategic objectives in terms of managing resources effectively. Strategic risks affect all six priorities of the Long Term Plan meaning that embedded risk management is important to the council.

10. Equalities and community cohesion

- 10.1 No equality impact assessment has been undertaken as the report is for information and does not affect the general duties of the Equality Act 2010.

11. Staffing/workforce and accommodation implications:

- 11.1 None

12. Property and assets

- 12.1 None

13. Any other implications:

- 13.1 None
