

## **What your Local Police Team have been doing since the last Ward Forum Meeting in March 2017**

### **Displacement of 2 brothels**

Following requests from residents your Local Policing Team made tackling prostitution one of its key priorities. Due to a variety of tactics, brothels on Western Road and The Green were closed and the occupants have not been seen in the area since.

### **Closure orders at three addresses**

Whilst working with the Gangs Task Force your Local Team worked on OPERATION LIBER, an operation aimed at disrupting the drugs trade throughout the Southall area. Multiple arrests were made and then we were able to place 3 month Closure Orders on 3 addresses including: St John's Road, The Common and Regina Road. There has been no further disruption at these once notorious crack houses.

### **Southall Partnership day**

In July we held a joint partnership day with other teams across Southall targeting street drinkers, littering, drug dealing, drug use and shops in breach of their licence conditions. Our results from that day include: a find of 60 wraps of Class A drugs, issued 22 tickets for licensing, littering and spitting offences and visited 11 licensed premises where there was a number of seizures including 900 illegal cigarettes, alcohol, chewing tobacco, Viagra pills and drug paraphernalia.

### **Warrant at Spencer Street**

On Monday 18<sup>th</sup> September Southall Green LPT executed a Misuse of Drugs Act warrant on Spencer Street where a quantity of crack and heroin was discovered. A male is due to attend Court on Wednesday 4<sup>th</sup> October as a result.

### **Cannabis factory**

On Tuesday 19<sup>th</sup> September another Section 23 Misuse of Drugs Act warrant was executed on The Green, Southall. Inside we found a cannabis factory with an estimated 600 plants with a yield of approximately £1m per year. They were promptly seized and destroyed.
