## Variations to Published Report after Further Activities

1. After publication of the report the Boundaries sub group had a short further meeting and made a few minor variations to some ward boundaries.

The revised map (known as Model X) is available through the link below

[http://maps.ealing.gov.uk/map/Aurora.svc/run?script=\Aurora\lgbce\\_ward\\_review.AuroraScript&nocache=504339599&resize=always&margin\\_bottom=1](http://maps.ealing.gov.uk/map/Aurora.svc/run?script=\Aurora\lgbce_ward_review.AuroraScript&nocache=504339599&resize=always&margin_bottom=1)

These changes altered the forecast population of some wards (highlighted) and the subsequent variation from the electoral average. The last two columns are not in the report and show the actual number of electors in the electoral variation as well as showing it to two decimal places
