09:30 – 11:00

		
<ul style="list-style-type: none"> - Good length of time - Informative - Thought provoking - Positive 		<p>Not convinced enough will change ☹️</p>
<ul style="list-style-type: none"> - Right length of time - Great feedback from other participants and trainer drawing out responses 		<p>Are values being met by senior level?</p>
<p>Excellent! Reminds you to challenge yourself to work on improving areas that need development as it will help to improve the life of residents</p>		
<p>Very enjoyable, relatable & makes sense! Could probably be better delivered over 2 hours to give more time for the practical applications</p>		
<p>Good course Nice to see Ealing Council taking the concerns of the staff and public seriously</p>	<p>Too short! Would be good to discuss in detail some of the behaviours connected to each value – more clarity – also I like to be out of office for longer</p>	
<ul style="list-style-type: none"> - Very informative. - An eye opener into Ealing Council's culture - This seminar should be delivered across all teams and made mandatory
