London Air Quality Network Conference

Edmond J Safra Lecture Theatre, King’s Building, Strand Campus, King’s College London, WC2R 2LS

Tuesday 3 July 2018

The London Air Quality Network is a unique collaboration between the public, private and academic sectors and the annual conference is a chance for air quality researchers and practitioners to discuss the latest findings and developments in the field.

Attendees: Cllr Anthony Young (Chair) and Vice Chair (Cllr Katherine Crawford)

Name	Observations/Findings	Conclusions and Recommendations
Cllr Anthony Young (Chair)	<p>A number of new initiatives were mentioned, which may be worth investigating further. These include:</p> <ul style="list-style-type: none"> An air quality App Retrofitting Euro-3 Non-Road Mobile Machinery Low-cost AQ monitoring sensors Generic toolkit for school audits Low-emission bus zones Ultra Low Emission Vehicle (ULEV) streets Zero emission zones 	To investigate these issues further.
