

Full Council – 2 March 2021

Questions from Members of the Public

Question to be asked by: Alastair Mitton

Question to: Councillor Bassam Mahfouz, Cabinet Member for Finance and Leisure

There is strong and widespread support for establishing Warren Farm (and surrounding Brent River Park Meadows) as a Local Nature Reserve. Noting the council's recently adopted Climate and Ecological Emergency Strategy, will the council now instruct officers to prepare a report on the Brent River and Canal Society's vision, which includes options for public access and a nature reserve?
